

OPT OUT FORM

DECLARATION

The signatory confirms that the professional Amazon selling account holder named below (the “**third-party Seller**”) wants to opt out of the collective proceedings being brought by Professor Andreas Stephan against Amazon.com, Inc, Amazon Europe Core S.À.R.L., Amazon EU S.À.R.L., Amazon U.K. Services Ltd, Amazon Payments U.K. Ltd. (together “**Amazon**”), Case No: 1644/7/7/24.

The signatory further confirms that they have the necessary authority to opt out on behalf of the third-party Seller.

The third-party Seller no longer wishes to be a class member, even though it satisfies the class definition. The third-party Seller acknowledges that by submitting this opt out form, it will not be able to claim a share of any money that becomes available in the future in respect of these collective proceedings. As a result, it will be excluded from any settlement or any damages that may be awarded by the Court. If this form is submitted after 27th February 2026, then the organisation will not be able to opt out of the class without the permission of the Competition Appeal Tribunal.

The third-party Seller understands that the claim, being brought as collective proceedings against Amazon, alleges that Amazon has abused its dominant position in the market for the supply of e-commerce marketplace services to third-party Sellers to reach customers in the UK by engaging in abusive behaviour that:

- unfairly advantages its own retail products, harming third-party Sellers;
- unfairly advantages Amazon Retail offers when selecting which offers are displayed in the “Buy Box”;
- unfairly advantages its own logistics/fulfilment arm (“Fulfillment by Amazon” or “FBA”), harming other logistics/fulfilment providers, and in turn, third-party Sellers;
- unfairly conditions access to Amazon Prime on the use of FBA; and
- distorts inter-platform competition by making it harder for third-party Sellers to sell cheaper on other platforms.
